# Organic Fostering: "Your Year in Fostering"

SaaS motion-graphics animation · lead generation · 9:16 vertical · 30 seconds · Instagram, Facebook and TikTok (organic and paid)

## CONCEPT

### Who it's for

Adults across Manchester and the North West, roughly 30 to 60, with a spare room, who are thinking about a meaningful change in the new year. They have wondered about fostering but never pictured what a year of it might actually look like.

### The idea

Every December, millions of people watch their "year in review" story cards from their music and fitness apps. This animation borrows that format and asks: what if your recap next year was a year of fostering?

A phone notification says "Your Year in Fostering is ready". Tap play, and colourful full-screen story cards swipe past with a progress bar at the top. Each card is a small, warm moment of a foster carer's year, then the real support Organic Fostering gives. It finishes with one button: "Start your 2027 story".

**Line:** Next year's recap starts with one conversation.

### Why it works for lead generation

- **The hook uses a format everyone knows** and loves sharing, so it feels fun, not like an advert.
- **Perfect timing:** run it from November to January, when people are planning big changes for the new year.
- **It turns a vague idea into a picture of real life**, then shows the support behind it, which removes the fear before the call to action.
- **One clear action:** "Start your enquiry", with a seasonal reason to act now.

### Why it's new

Earlier animations covered eligibility, the allowance breakdown, values, a day in the life, the application steps and transfers for existing carers. This is the first built on a year-in-review format, and the first with a seasonal, new-year call to action.

## SCRIPT

### HOOK · 0–3 s

**Visual:** A phone on a plum background. A glowing notification drops in: "🎁 Your Year in Fostering is ready". A cursor taps "Play", and the screen bursts into a magenta-to-orange gradient.

**On-screen text:** What if this was your 2027?

**Voiceover:** "What if next year's recap looked like this?"

**THE RECAP CARDS · 3–21 s**

**Visual:** Full-screen story cards swipe past every 3 seconds, each in a different brand colour with bold Poppins type, a story progress bar at the top and one animated icon.

1. **Card 1 · Your top moment:** "The first 'goodnight'". A moon icon rises and the words fade in softly.
2. **Card 2 · Your most-played phrase:** "Can we have pizza tonight?", with an audio waveform bouncing on the beat.
3. **Card 3 · Your top genre:** "Bedtime stories". Books stack up, and a counter spins to "Lost count 📚".
4. **Card 4 · Your team:** four avatars pop in a row: "Supervising social worker", "Advice outside normal hours", "Ongoing learning" and "Other foster carers".
5. **Card 5 · Your allowance:** a slot-machine counter rolls to "From £400.72 a week*".
6. **Card 6 · Your biggest achievement:** "A safe home. Everyday care. A place to belong." This is the one card that glows and holds a beat longer.

**Voiceover:** "The first goodnight. A lot of pizza. More bedtime stories than you can count. A whole team behind you. And the biggest thing you'll ever give: a safe home and a place to belong."

**THE TURN · 21–25 s**

**Visual:** The cards fan out into a grid, then shuffle into one card with a blank year: "Your 2027 story · Not started yet". A pulsing orange button appears: "Start your story".

**On-screen text:** Next year's recap starts with one conversation.

**Voiceover:** "Next year's recap starts with one conversation."

**CTA · 25–30 s**

**Visual:** The cursor taps the button. The card flips to show a toast: "Enquiry started ✓". It folds into the OF logo on the gradient.

- **Motion:** story-swipe transitions, a story progress bar, slot-machine counters, pop-in avatars, a card fan-out and shuffle, and a button tap with a ripple, all on a 120 BPM grid.
- **Sound:** an upbeat, feel-good pop instrumental with a whoosh on every swipe and a soft "ding" on each reveal. A warm, smiling female voiceover, about 60 words.

## LEAD GENERATION SET-UP

- **When:** run from mid-November to the end of January to catch "new year, new chapter" thinking.
