Organic Fostering: "Support Update Available"

SaaS motion-graphics animation · lead generation · 9:16 vertical · 30 seconds · Instagram, Facebook and TikTok (organic and paid)

CONCEPT

Who it's for

Foster carers who are already approved with another agency or a local authority. They already have the skills and experience, and none of our earlier content speaks to them. Organic Fostering's website invites existing carers to explore transferring, with no immediate commitment and a focus on continuity of care for the children they look after.

The idea

Everyone knows the moment a phone says "Update available". This animation turns that into a metaphor: a software update for your fostering support.

A notification asks if your support is up to date. A quick "system check" asks the questions every carer cares about. Then the "release notes" show what's included with Organic Fostering, and the "Install" button becomes "Explore a transfer".

Line: Already fostering? Your support should feel this good.

Why it works for lead generation

- **The hook names the audience** in the first second ("Already a foster carer?"), so the right people stop and everyone else scrolls past. That keeps ad spend focused.
- **The questions do the selling.** We never criticise anyone else's support; we just ask carers to compare.
- **One low-pressure action:** "Explore a transfer, no immediate commitment", which matches the website's own offer.

Why it's new

Every earlier piece targeted people who have never fostered. This is the first to target existing foster carers, and the first to use the software-update idea.

SCRIPT

HOOK · 0–3 s

Visual: A phone lock screen on a dark plum background. It buzzes, and a glass notification drops in with a soft magenta glow: "Fostering Support: update available".

On-screen text: Already a foster carer? This one's for you.

Voiceover: "Already a foster carer? Is your support up to date?"

SYSTEM CHECK · 3–10 s

Visual: A cursor taps the notification. An app window opens with a scanning bar: "Checking your support…". Questions appear one by one, each with a spinning loader:

- A supervising social worker who knows your family?
- Advice outside normal hours?
- Ongoing learning and training?
- Other foster carers to lean on?
- Help with school and health needs?
- Matching that sees culture, faith and identity?

Voiceover: "Quick check. Do you have all of this?"

RELEASE NOTES · 10–18 s

Visual: The scan finishes and a card slides up: "What's included with Organic Fostering". Every loader morphs into a green check on the beat, in a satisfying cascade. A badge pins to the top corner: "Rated Good by Ofsted · Inspected May 2025".

On-screen text: All included.

Voiceover: "At Organic Fostering, it's all included, from an Ofsted-rated Good independent agency."

THE BIG QUESTION · 18–23 s

Visual: A chat bubble pops up from the carer's side: "But what about the children I look after?" A reply card answers with a small heart icon: "We focus on continuity of care for them."

On-screen text: Thinking of moving? Start with a conversation.

Voiceover: "Thinking of moving? We focus on continuity of care for the children you look after."

INSTALL · 23–26 s

Visual: The big "Install" button relabels to "Explore a transfer". The cursor taps it, a progress bar fills in one smooth sweep, and a toast slides in: "Conversation requested ✓. No immediate commitment."

Voiceover: "Explore a transfer, with no immediate commitment."

CTA · 26–30 s

Visual: The app window folds away into the OF logo on the magenta-to-orange gradient.

On-screen text: Already fostering? Let's talk. · 0161 241 1332 · organicfostering.co.uk

Voiceover: "Already fostering? Let's talk. Organic Fostering."

LOOK AND SOUND

- **Look:** clean phone-and-app UI in the "night neon" style: plum background, glass cards with soft magenta edges, orange buttons, green checks, Poppins.
- **Motion:** notification drop, cursor taps with ripples, loaders morphing into checks, a progress bar sweep and a toast slide, all on a 120 BPM grid.
- **Sound:** phone buzz, soft UI clicks, a check "pop" for each item, a rising shimmer on "Install", over a light, confident music bed. Calm, friendly female voiceover, about 70 words.

LEAD GENERATION SET-UP

- **Paid:** run as a Meta lead ad with an Instant Form. Ask three short questions: "Are you currently an approved foster carer?", "Which area do you live in?" and "Best time to call?".
- **Targeting:** Manchester and the North West, adults interested in fostering, foster carer groups and pages.
- **Organic:** add "Comment TRANSFER and we'll message you" to the caption, then follow up by direct message.
- **Link:** organicfostering.co.uk/enquire-now, with UTM tags so every lead can be traced back to this video.
- **A/B test the hook:** "Already a foster carer? This one's for you." against "Is your fostering support up to date?"

CAPTION

Already a foster carer? Quick check: is your support up to date? 📲

At Organic Fostering you'll have a supervising social worker, advice outside normal hours, ongoing learning, other carers to lean on, and matching that sees the whole child. We focus on continuity of care for the children you look after.

Explore a transfer, with no immediate commitment. Comment TRANSFER or call 0161 241 1332.

COPY CHECK

- Transfers with no immediate commitment, continuity of care, the support list, cultural matching and "Rated Good by Ofsted · Inspected May 2025" all come from organicfostering.co.uk.
- The video does not compare Organic Fostering with other agencies or local authorities, and it does not promise that every child will move with the carer.
