Organic Fostering: "Your CV Already Says Foster Carer"

SaaS motion-graphics animation · lead generation · 9:16 vertical · 30 seconds · Instagram, Facebook and TikTok (organic and paid)

CONCEPT

Who it's for

People who already care for others every day at work: teaching assistants, nursery and early-years staff, nurses and healthcare assistants, support workers, youth workers and sports coaches, across Manchester and the North West. Many of them have thought about fostering but assume they would need a special qualification or past fostering experience.

The idea

A CV floats onto the screen and a glowing scanner line sweeps down it. The skills they use at work light up one by one ("Calm under pressure", "Great listener", "Works with young people") and fly across into a profile card titled "Foster carer". When the card is full, a match meter fills to "Strong match ✓".

Then Organic Fostering adds what's missing: full training, a supervising social worker, ongoing learning and support outside normal hours. The message: you already have the skills; we'll give you everything else.

Line: Bring your skills. We'll bring the training.

Why it works for lead generation

- **The hook names the audience by their job** in the first second, so the right people stop scrolling and know it's for them.
- **It removes the biggest doubt:** "I'm not qualified". The website says no previous experience is needed, and the video shows why.
- **The scan-and-match animation is satisfying to watch** and feels like the job and career apps this audience already uses.
- **One clear action:** "Start the conversation".

Why it's new

Earlier animations covered eligibility, the allowance, values, a day in the life, the application steps, transfers for existing carers and a year-in-review. None of them targeted people by their profession or used the CV-and-skills idea.

SCRIPT

HOOK · 0–3 s

Visual: A clean light background. A CV document drops onto the screen with a soft bounce. Job-title chips flicker across the top: "Teaching assistant", "Nurse", "Support worker", "Youth worker", "Coach".

On-screen text: Work with people every day? Your CV might already say "foster carer".

Voiceover: "Work in a school, the NHS or care? Your CV might already say foster carer."

THE SCAN · 3–12 s

Visual: A glowing magenta scanner line sweeps down the CV. Skills highlight in orange as it passes, then lift off the page and fly into a glass profile card titled "Foster carer", landing with a satisfying click:

- Calm under pressure
- Great listener
- Works with children and young people
- Reliable and organised
- Team player

Voiceover: "Calm under pressure. A great listener. Used to working with young people. Sound familiar?"

THE MATCH · 12–15 s

Visual: A circular match meter around the profile card fills up and lands on "Strong match ✓" with a burst of small green leaves from the logo.

On-screen text: No previous fostering experience needed.

Voiceover: "You don't need previous fostering experience."

WHAT WE ADD · 15–24 s

Visual: A second panel slides in labelled "Organic Fostering adds". Each item snaps in as a tile with a 3D icon:

- Full training (graduation cap)
- Your own supervising social worker (person icon)
- Ongoing learning (book)
- Advice outside normal hours (moon and phone)
- A network of other foster carers (group icon)
- Allowance from £447.60 a week* (coin)

Badge: "Rated Good by Ofsted".

Voiceover: "We add full training, your own supervising social worker, advice outside normal hours, and a network of carers behind you."

CTA · 24–30 s

Visual: The profile card and the support panel merge into one card with a big orange button: "Start the conversation". A cursor taps it and a toast appears: "Conversation requested ✓". The card folds into the OF logo on the magenta-to-orange gradient.

On-screen text: Bring your skills. We'll bring the training. · 0161 241 1332 · organicfostering.co.uk

Small print: *Weekly allowance for one child aged 0–4, based on current published rates. Rates may vary by region and are subject to change.

Voiceover: "Bring your skills. Start the conversation with Organic Fostering."

LOOK AND SOUND

- **Look:** "clean SaaS light" style: a soft lavender-white background, glass cards, a magenta scanner glow, orange highlights, green checks, Poppins and soft 3D icons. Bright, professional and trustworthy, like a modern careers app.
- **Motion:** CV drop, scanner sweep, highlight-and-lift on each skill, cards snapping into place, a match ring filling and tiles popping in, all on a 120 BPM grid.
- **Sound:** a light, upbeat corporate-pop bed, a scanner "hum", a click as each skill lands, a bright chime on "Strong match", and a calm, confident female voiceover of about 70 words.

LEAD GENERATION SET-UP

- **Paid:** a Meta lead ad with an Instant Form asking three questions: "What do you do for work?", "Do you have a spare bedroom?" and "Best time to call?". The first question also tells the team which professions respond best.
- **Targeting:** Manchester and the North West, adults whose interests or job titles relate to education, early years, healthcare, social care, youth work and coaching.
- **LinkedIn:** this concept also suits a LinkedIn post or sponsored post, where job titles are easy to target.
- **Organic:** "Comment SKILLS and we'll send you the details."
- **Link:** organicfostering.co.uk/enquire-now with UTM tags.
- **A/B test the hook:** "Your CV might already say foster carer" against "Teaching assistant? Nurse? Support worker? Read this."
- **Note:** keep the language about "your skills" and "a skilled role", never "job", "hiring" or "salary". Foster carers aren't employees, and Meta can restrict employment ads.

CAPTION

Teaching assistant? Nurse? Support worker? Coach? 👀

The skills you use every day (staying calm, really listening, getting on with young people) are exactly what foster carers need. No previous fostering experience needed: we give you full training, your own supervising social worker and advice outside normal hours.

Bring your skills. Start the conversation. Comment SKILLS or call 0161 241 1332 · organicfostering.co.uk

COPY CHECK

- No previous experience needed, full training, a supervising social worker, ongoing learning, advice outside normal hours, contact with other carers, recognition for a skilled role, the allowance and its disclaimer, and "Rated Good by Ofsted" all come from Organic Fostering's website and materials.
- The "Strong match" meter is a visual device with no percentage or score, so it makes no claim. It doesn't say any profession is required or guaranteed to be approved.
